

The Professional Development and Continuing Education Committee presents:

Construction Law

May 9 - 10, 2023

(1/2 day sessions - held virtually)

9:00am - 12:30pm

Cost per Person: \$425 plus HST (\$488.75)

DEADLINE TO REGISTER: May 1, 2023

The law seems confusing and dealing with lawyers on legal issues seems even more so. This course is not designed to turn participants into lawyers, but to try to help them avoid getting dragged into a legal dispute, alert participants to some of the legal issues they face on the job site, know when to involve a lawyer, and allow the participant to be best positioned in the event of a legal dispute.

LEARNING OBJECTIVES

Participants will gain practical skills to:

- Understand their legal contractual rights and responsibilities
- Increase the likelihood that those rights can be enforced
- Better understand contracts that they may be entering into
- Reduce the likelihood that they will become involved in a lawsuit and increasing the changes of success if they are

The instructor is Warren Griffin, B.Sc., LL.B.

Engineers PEI is partnering with APEGNB, Engineers Nova Scotia and PEGNL to present a series of professional development programs that are targeted specifically at members and delivered via an online platform. This is a great opportunity to participate in training and to meet colleagues in the region.
